

TSPi Inspection Report: Form INS

Copyright 2000 Addison Wesley, *Introduction to the Team Software Process*

Name	Person.java	Date	04/15/24
Team	Team J	Instructor	Dr. W. Honig
Part/Level	Part	Cycle	
Moderator	Honig	Owner	Mohammed Khursiwala

Engineer Data

Name	Defects ¹		Preparation Data			Est.
	Major	Minor	Size	Time	Rate	Yield
Jeremiah Lateef		4	158	70		
Tyler Rosario		7	158	50		
Totals:		11	316	120 min = 2.00 hr		

Defect Data

No.	Defect Description	Defects		Engineers (finding major defects)					
		Maj	Min					A	B
1	Comments are written side by side with the code		2						
2	Comments are not written in full, i. e they're abbreviated		1						
3	Extra space before the toString method (line 111)		1						
4	Over importing with *		1						
5	Unused methods		5						

¹ Major defects either change the program source code or would ultimately cause a source code change if not fixed in time; all other defects are considered minor.

6	Not many comments		1						
Totals			7						
Unique Defects			4						

Inspection Summary Product Size: 158 Size Measure: 150 loc
 Total defects for A: _____ Total defects for B: _____ C (# common): _____
 Total Defects (AB/C): _____ Number Found (A+B-C): _____ Number Left: _____
 Meeting Time: 1 Total Inspection Hours: _____ Overall Rate: _____
 hours per meeting _____
